I don't live in Pincher Creek, but I have been teaching at Canyon School for six years now and this community is a big part of my life. There are certain improvements that I would like to see to make Pincher Creek an even better community to live and spend time in.

Thanks for taking the time to consider our ideas

Brody Allen

My name is Brody Allen and I am one of the grade 6 students at Canyon School. I live in Beaver Mines, but I have been going to Canyon School for four years now and this community is a big part of my life. There is one thing I would really like to see and that is the outdoor rink behind the Co-op to be bigger and have boards and netting around it.

The background is a dark blue gradient. It features several overlapping, semi-transparent geometric shapes in shades of light blue and lime green. These shapes are primarily parallelograms and trapezoids, some of which are tilted at an angle, creating a dynamic, modern feel. The shapes are arranged symmetrically around the central text.

Bigger Outdoor Hockey Rink

Bigger Outdoor Rink

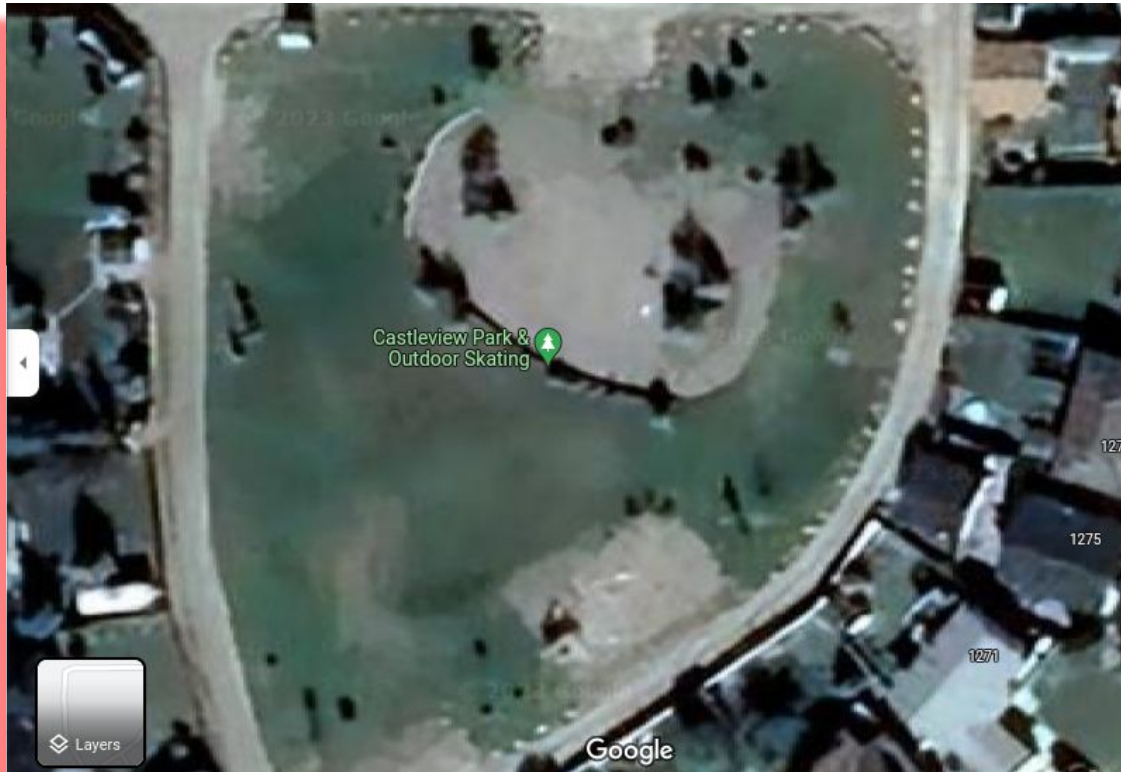

- I want the outdoor rink behind the Co-op to be built a little bit bigger and some hockey boards and netting around the whole thing because everytime you miss the net going high it flies away and every time you miss the net on the side it also flies away.

Bigger Outdoor Rink

How Will This Improve Pincher Creek?

- I think this would improve the ODR because then you can just go and shoot and not worry about missing the net and losing your pucks or whatever.

Where Will This Be Done?

Austin Kaupp

The background features a dark blue gradient with several overlapping, semi-transparent geometric shapes in shades of light blue and lime green. These shapes are primarily parallelograms and trapezoids, some of which are slanted, creating a dynamic, modern aesthetic. The shapes are arranged in a way that suggests movement and depth, with some appearing to be layered on top of others.

Bigger Outdoor Hockey Rink

Bigger Outdoor Rink
