Re: Childcare in Pincher Creek

Firstly, I want to thank everyone who has been associated with Children's World Daycare and to celebrate the positive effect that this organization has had on Pincher Creek for over forty years.

Council understands the critical importance of high quality, accessible and affordable child care in Pincher Creek. For our community to thrive, we recognize that early childhood education is essential.

The Town has been working with many partners including regional licensing, human services child development branch, Holy Spirit School Division and Livingstone Range School Division, among others to create a plan for childcare in Pincher Creek.

Further to the announcement by Children's World Daycare this evening, the Town of Pincher Creek is committed to ensuring minimal interruption to child care services and will have a licensed childcare facility open by September 3, 2018.

At this time, there are many unanswered questions as to how the facility will run and we ask that you give us time to develop a plan. Please ensure that you have signed in to the meeting today and that we have your contact information so that we can connect with you.

Questions can be directed to daycare@pinchercreek.ca and a response will be provided as we are able to answer questions.

Mayor Don Anderberg
Town of Pincher Creek
