

PRESS RELEASE

September 12, 2017 -

4:22 p.m.

The Town of Pincher Creek is NOT in a state of local emergency. Our neighbors the Municipality (MD) of Pincher Creek #9 and Waterton have declared a state of local emergency. The Town of Pincher Creek are part of a joint emergency management agency and have provided personnel to both the Emergency Operations Centre and the Reception Centre. The Town of Pincher Creek will actively continue to participate as needed.

Due to the fluid nature of the wildfire event the Town of Pincher Creek and the Emergency Management Agency have actively been working on an evacuation plan. This plan would impact Town of Pincher Creek residents as well as those who have been displaced from the MD of Pincher Creek and Waterton.

We will continue to monitor the situation. At this time, the Town of Pincher Creek is not in immediate danger. If circumstances dictate, we may have to declare a state of local emergency.

Mayor Don Anderberg

Town of Pincher Creek
